

Automation, Robotics & Communications for Industry 4.0 (ARCI' 2022): 2nd IFSA Winter Conference

2-4 February 2022
Andorra la Vella, Andorra

CALL FOR PAPERS

Organizing Committee

Chairman:

Prof., Dr. Sergey Y. Yurish
(IFSA, Spain)

Advisory Chairman:

Prof., Dr. Vijayakumar Varadarajan
(The University of New South Wales,
Australia)

The series of annual ARCI Winter IFSA conferences have been launched to provide a forum for open discussion of state-of-the-art technologies related to control, automation, robotics, communication and data analysis - main components of Industry 4.0.

The ARCI' 2021 conference will incorporate four symposiums covering research and development in a broaden range in automation, robotics, communication and data analysis, and united by the Industry 4.0 challenges.

The ARCI' 2021 conference is organized by the IFSA - one of the major professional, non-profit association serving for sensor industry and academy more than 20 years.

One event - three publications !

All abstracts will be published in the conference proceedings submitted for indexing to the Conference Proceedings Citation Index (CPCI) by Clarivate Analytics.

Authors will be invited to submit full-page extended papers to the special issues of *Sensors & Transducers* or *MDPI Processes* journals.

The limited number of full-page papers published in the journals will be selected to extend for book chapters for the Book Series on 'Advances in Robotics and Automatic Control: Reviews', Vol. 3 or 'Advances in Networks, Security and Communications: Reviews', Vol. 3. Both books will be submitted to the Book Citation Index by Clarivate Analytics.

Deadlines:

Submission (2-page
abstract):

15 November 2021

Notification of acceptance:

10 December 2021

Registration:

30 December 2021

Camera ready

(4-6 pages paper):

15 January 2022

SMC Soft Measurement
and Computing
Scientific journal
