2nd International Conference on Big Data Analytics & Applications (BDAA' 2026)

BDAA 2026 Gran Canaria

28-30 October 2026 Las Palmas de Gran Canaria, Spain

The 2nd International Conference on Big Data Analytics & Applications (BDAA' 2026) aims to bring together leading researchers, practitioners, and industry experts to explore the latest advancements and real-world applications in the field of big data.

In an era where data is generated at an unprecedented scale, BDAA' 2026 provides a dynamic platform to discuss innovative methodologies, scalable systems, and analytical techniques that transform raw data into actionable insights.

The primary objective of BDAA' 2026 is to foster interdisciplinary collaboration among academics, data scientists, engineers, and decision-makers by promoting the exchange of ideas, tools, and strategies for managing, processing, and interpreting large-scale data.

BDAA is organized by IFSA, a non-profit professional association active since 1999, with support from IFSA Publishing and Eco IFSA (Barcelona, Spain).

Topics of Interest include but not limited to:

- Foundations of Big Data Analytics
- Systems and Architectures
- Data Management and Engineering
- Security, Privacy, and Ethics
- Advanced Analytical Techniques
- Visualization and Human-Centered Analytics
- Domain-Specific Applications
- Tools, Benchmarks, and Case Studies

Contribution Types

- Keynote and Invited Presentations
- Industrial Presentations
- Regular and Poster Sessions
- Special Sessions
- Panel Discussions and Round Tables
- Virtual Sessions in Zoom (on demand)
- Exhibition

Special Sessions:

Authors are welcome to propose and manage special sessions during the B2C' 2026. Each special session will contain 4-6 papers in a related field as specified above.

Session organizers will get:
- Certificate of Appreciation;
- Free Registration.
