**FOR IMMEDIATE RELEASE**

## **Sensors Web Portal has been Awarded by Golden Web Award**

**November 19, 2002, TORONTO, ON** - Sensors Web Portal (<http://www.sensorsportal.com>) has been awarded by 2002-2003 Golden Web Award from *The International Association of Web Masters and Designers (IAWMD)* in recognition of creativity, integrity and excellence on the Web and presented to those sites whose web design, originality and content have achieved levels of excellence deserving of recognition.

"We give our customers, members and visitors the best", said Igor L. Myshkin, General Manager of *Sensors Web Portal Inc.* "Today Sensors Web Portal is a concentrator of knowledge, ideas, engineering solutions, modern technologies, novel methods, new physical effects and principles of sensors. It is primary Internet resource for smart sensors and transducers. Our staff and web team at *Sensors Web Portal Inc.* have obviously worked very hard in order to keep high Quality Rating Score (QRS) placed our megaportal in the 98th percentile. Our visitors and customers should not waste time jumping on dead links. They are looking for latest and useful information on this emerging technical field and we give it them with high quality service. We are proud of this award very much" - added Mr. Myshkin.
